## Accident and Sickness Hospital Indemnity Plan

Today's healthcare plans may not cover all out-of-pocket expenses that can add up when an individual is in the hospital. This plan is designed to help individuals manage the financial impact of hospitalization by providing benefits that can be used to cover some of the out-of-pocket expenses

### Features

Easy to Qualify: No health questions or health exam required.

No Benefit Coordination: Benefits are paid regardless of any other medical coverage you may have.

Minimize Financial Exposure: Provides cash Benefits to help pay for hospitalization.

Spouse and Children Coverage Available: Extend coverage to members of your family.
