

WellMEC™ – An ACA Compliant Solution for Groups of all Sizes!

WellMEC™ is proud to provide an ACA compliant solution that extends to all groups of any size! ERISA § 514 states that self-insurance is governed by the federal government, not by the state government and maintains that any company, regardless of size, has the right to self-insure. Even businesses with as few as 1 eligible employee can self-insure under the law. Typically, the largest challenge a small group faces in self-insurance is finding a program that will support groups of their size. Thankfully, WellMEC™ is structured to support employers of all sizes, from groups as few as 1 to over 10,000.

While several other companies struggle with managing the risk of pooling employers with small groups, WellMEC™ is excited to announce that we can support the management of risk for groups with eligible populations of all sizes. The WellMEC™ team is happy to answer any of your questions regarding the implementation of your company today! Please call us at (866) 951-8418 to inquire about how WellMEC™ can best serve your company's health insurance needs.
